

Spotlight on Compliance in Supply Chain Management

Excellence in Supply Chain Management

is a strategic focus for the private sector as it endeavours to **optimise cost-efficiency** and **maximise stakeholder value**

Raising the standards of governance in Public Sector SCM is equally critical to ensure **transparency, integrity** and **fairness** in government procurement and spending.

Some of the services we offer:

Probity audit services.

We perform audits and provide advisory services to ensure the following stages of the procurement process are performed in compliance with all applicable legislation and regulations:

- Specification
- Evaluation
- Advertisement
- Adjudication
- Tender closing

Advisory services

Advisory services on issues identified by SCM during the procurement process which require technical knowledge.

Training SCM officials

in line with industry best practice and all applicable laws and regulations

SCM Policies and Procedures

Development and/ or review and updating of the internal SCM policies, standard operating procedures, and committee charters in line with industry best practice and all applicable laws and regulations

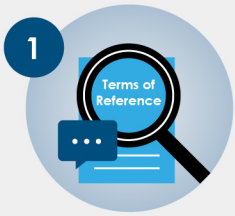

Setting up Committees

Onboarding of Specification, Evaluation and Adjudication Committee members

RAiN, your partner in an effective and efficient Supply Chain Management process!

As a team of highly driven individuals we perform procedures and provide recommendations, that do not only aim to **identify and prevent irregular expenditure**, corruption, and waste, but optimize your procurement structures, processes, and frameworks.

Specification

Includes full review of the Terms of Reference and clear guidelines on how it can be amended to ensure clarity, competitiveness and efficiency in decision-making.

Evaluation

We work with your BEC in observing and assessing the evaluation process and advise on changes required to ensure that bids are adjudicated fairly.

Reporting

We provide you with a comprehensive report in which we record our observations and make recommendations.

Patience Madziwa CA (SA)

Patience has specialised in SCM audit and advisory services in the public sector. She has worked with entities such as the Gauteng Provincial Treasury, Pikitup and the Johannesburg Property Company.

Paulos Maketsi

Paul started his career at the Auditor General. Since joining RAIN, he has amassed extensive experience in specification audits and advisory services. He has worked on various industries such as construction, panel of forensic auditors, and inventory process automation.

Wendy Baloyi

Wendy has extensive audit experience gained from her years at a big four firm and RAIN. She specialises in audits and advisory of bid evaluations, specifically those high value tenders in excess of R 50 million.

This is what our clients say about us

"In our experience, we found RAIN to be highly professional in delivering their services. We would recommend the professional services of RAIN."

Salome Parage

**on probity audit work performed for the
Department of Education**

"RAIN's staff provided us with insights and advisory that were relevant and useful to our organisation. The professional services received from RAIN were of a high quality and the team was able to complete the work successfully and to our satisfaction. We would recommend the professional services of RAIN Chartered Accountants Incorporated."

Nombulelo Mbeki

**on probity audit work performed for the
Gauteng Infrastructure Financing Agency**
